

YOUR  
WEDDING  
IN  
ITALY

# WHO ARE WE ?

60 hectares of forest, vineyards and olive trees crown the estate on the foot of the Assisi hillside, giving off the same light and the splendour that years ago illuminated Giotto's drawings in the Basilica of Saint Francis.

Each manor at Re Artù has its own swimming pool and is able to be the host location for a number of different events surrounded and encapsulated by the two thousand olive trees and the 10 hectares of vineyard of the estate.

Numerous spaces of gorgeous lighting and tranquility abound in this location in Italy's green heart of Umbria. What could be more fitting for the celebration of your love?

The location is able to host up to 40 people on site with a number of beautiful farmhouses, Countryhouses and BnBs in the near vicinity in which you other guests can lodge.

# ABOUT OUR ACCOMMODATION

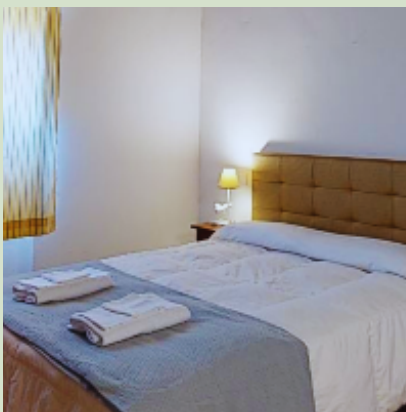

## ACCOMMODATION

There are two large buildings on site (Named Merlin and Re Artù) in which up to 40 people can be accommodated, each containing a number of 1,2 and 3 bedroom apartments as well as a swimming pool each. Prices range from €120 - €200 per apartment.

## EXCLUSIVITY

For weddings in which the apartments are booked, an additional €500 is added on to the accommodation costs for the exclusive use of the venue for the wedding day.

For one day weddings, a fee of €2000 is applicable for the exclusive use of the venue.

# SOME KEY SPACES IN THE LOCATION

These are some key areas of the location for a wedding weekend event, in addition to which there are numerous others such as a gazebo area, the reception house, the two poolside areas etc.

## O1 LAWN AREA

This is a large lawn area next to the pool just below the Re Artù manor, it has an incredible view of the hills of Assisi as well as of Assisi itself. This is the suggested area for the ceremony as well as for an outdoor dinner space.

## O2 GLASS ROOM

This is our glass room. The glass windows open out into a magnificent view of Assisi. This room offers all the feeling of being outdoors whilst still providing shelter from the heat of the Italian summer sun and heat. If anything it is a Plan B that is second to none.

## O3 VINEYARDS

The location is the home of a gorgeous vineyard through which you and your guests are welcome to roam. The tranquility amongst the vines of Re Artù is unmatched with the quiet beauty of Assisi in the background as an added bonus.
